

Technical information

Version one 06.07

eco-clear waste outlets

A one off fitting that connects to the urinal trap and allows the universal eco-clear sleeve to be installed.

1 1/4"	(32mm)	short thread
1 1/4"	(32mm)	long thread
1 1/2"	(38mm)	short thread
1 1/2"	(38mm)	long thread
2"	(50mm)	short thread
2"	(50mm)	long thread

eco-clear sleeve

Urinal insert featuring patented odour lock and bio-enzyme formulation to penetrate uric acid and prevent formation of hardened deposits.

Properties

Plastic	poly-propylene
Bio-block form	solid block
Odour	citrus
Solubility	dissolves in water

Colours

Bio-block	green
Sleeve cap	grey or white

Additional information

- Contains biodegradable materials
- Dispose of using local authority guidelines EWC code: 070699
- Keep out of reach of children
- Avoid eye contact
- Keep in packaging when not in use
- Do not store below 5 degrees centigrade or above 30 degrees centigrade

Technical information

Version one 06.07

eco-clear water management system

Timed water management device controlling the flow of water to the cistern and thereby reducing urinal flushing. Supplied with standard 2mm solenoid valve or full bore valve for use where no cistern is present.

Power supply

PP3 battery

Additional information

- Fits directly onto solenoid valve – no need for hard wiring or screws
- LED display, no dip switches
- Heat sensitive fuse which resets if blown
- Tamper proof controls
- Low battery alarm signal – gives warning at 80% depleted
- Alarm to indicate incorrect setting

eco-clear cleaning solution

Biological washroom cleaner and odour neutraliser

Features

Supplied as spray formulation for use on exposed areas of the washroom such as urinal bowls. Recommended for use with eco-clear sleeve to optimise the efficiency of the sleeve's bio-block.

Packaging

750ml trigger spray

Properties

pH value of approximately 4.5

Additional information

Storage

- Stable for a minimum of 12 months
- Store in a sealed container out of direct sunlight
- Keep out of reach of children

Application

General maintenance

- Spray on to surfaces and wipe with a clean cloth

Severe odours

- Spray on to surfaces such as tile grouting and leave to penetrate

Concentrate

- Also available for purchase as a 5 litre concentrate for dilution to mop floors

Enviro-Fresh
